ABOUT

I am a young ICT professional currently working on my Master Thesis at the **Telekom Innovation Laboratories** (T-Labs) and completing my double degree at the EIT Digital Master School in Berlin (after spending my first year in Paris).
I am extremely interested in **UX** and the **HCI** field in general, with a particular focus on **Innovation** and Entrepreneurship.
I'm very passionate about **sketching** and **prototyping**, as well as **presenting** and pitching. I am looking for positions as Junior UX Designer, however I am open to other opportunities.

EXPERIENCE

MASTER THESIS Project @T-Labs

APRIL 2015 - CURRENT

I am currently working at Telekom Innovation Laboratories on my Master Thesis Project, which is titled "Enhancing the interaction space of a tabletop computing system to design paper prototypes for mobile applications". This is about ways to improve the user interaction with tabletop computing environments using low-tech solutions.

iFAME DESIGNER Intern @TrentoRISE

APRIL 2013 - JULY 2013

During this 4-month internship at SmartCampus Project I focused on the UI/UX design, the prototyping and the development of "iFame", an application for improving the canteen experience for the students and the employees of the University of Trento.

TECHNICAL SUPPORT @DISI UniTN

FEBRUARY 2012 - JANUARY 2013

Administrative tasks in the structures of the University of Trento and the University Guild. Activities in the IT structures of the University. Basic front-office services. Student assistance in case of connection, login or general problems. Lectures streaming and video-recording. Connection and preparation of the classrooms.
